PROFESSIONAL EXPERIENCE

SKYROCKET-ED.COM | Pasadena, CA

Web Developer | October 2022 – September 2025

- Served as primary developer for 50+ educational institution websites, ensuring functionality, accessibility compliance, and user-centered design across all platforms
- Partnered with marketing team to design and execute creative campaigns, developing compelling content, messaging, and visual elements that increased brand visibility and engagement
- Developed and implemented integrated online enrollment system enabling year-round student registration and application processing
- Enhanced website security infrastructure to meet current industry standards and best practices
- Provided comprehensive customer support and maintained ongoing content management for multiple educational institutions

EDLIO.COM | Los Angeles, CA

Front End Web Developer & Production Coordinator | February 2015 – March 2022

- Led development of 350+ educational website projects from conception through deployment, serving as primary developer and technical liaison
- Designed and built customer-facing project portfolio platform that streamlined sales processes and enabled clients to visualize development options and capabilities
- Optimized production workflows and client communication protocols across all phases of website development, improving project delivery timelines
- Developed and tested modern codebases aligned with ADA compliance requirements and contemporary web standards
- Collaborated with cross-functional teams to coordinate planning, design, and technical delivery of complex web solutions
